

Hello,

According to your medical records, you are a current smoker, and we would like to offer you support in relation to your smoking.

Giving up smoking is the single most important action you can take to improve your health.

Help Me Quit Community is still operating. We have a dedicated team of Smoking Cessation Advisors able to provide behavioural support and advice as a telephone based service during the COVID-19 pandemic.

The Stop Smoking Advisor will discuss your smoking dependency, the treatment options available to give up smoking, and answer any questions about pharmacotherapy medication.

Last year, Aneurin Bevan Help Me Quit services treated 3825 adults to stop smoking.

Please contact Zoe Bailey on 07583 102681 to book an appointment

It does not matter if this is your first, second or 10th attempt at quitting, it is never too late and your success rate improves by 300% using NHS stop smoking support services.

If you are no longer a smoker, please can you complete and return the slip below to the surgery.

Yours sincerely
